

Space Chase and Arts Award Discover

Summer Reading Challenge 2019

To help you complete the assessment report forms for children taking part in Arts Award Discover using the Space Chase downloadable PDF activity sheets, here is some information showing how the activities map to each part of **Arts Award Discover**

Remember that children and young people achieve Arts Award Discover by keeping a record of what they have done for each of the three parts of the award:

- ▶ Part A: discover the arts
- ▶ Part B: find out
- ▶ Part C: share

The activity sheets are just a starting point: if you want bigger pages or more of them, or to use film or audio clips go ahead! Just make sure you keep them all together ready for the final assessment.

Your Arts Award adviser Toolkit has all the information you will need to make sure that the children you're working with complete Discover.

Activity and page of the PDF download	Arts Award Discover part
Page 2: Discovering art in every day life	Part A: Understanding how the arts encompass a range of art forms; understanding how art forms connect to their own lives
Page 3: Take part in different arts activities	Part A: participation in a range of arts activities
Page 4: This is me taking part in an arts activity	Part A: participation in a range of arts activities
Page 5 & 6: Find out about artists and their work	Part B: find out about artists and their work
Page 7: Real live artists	Part B: find out about artists and their work
Page 8: Are there any artists in your family or class?	Part B: showing all sorts of people are artists
Page 9: Share what you discovered	Part C: share what they have enjoyed and learned and record how they shared it
